### **Opening Narration:**

In the trenchant realms of warfare, clarity of mind is critical. Yet what Air Force Commander Tito Romano doesn’t realize is that the brain is a fragile organ, and his sortie over Nazi Germany is about to take a dark turn...into the Twilight Zone.

### **Closing Narration:**

Tito Romano’s harrowing torture and escape from Auschwitz are nightmares few have endured, yet serve as cautionary warnings of mankind’s propensity to annihilate itself, borne out of ignorance and hatred... a chilling lesson to be learned...in the Twilight Zone!
